?

**ENTER THE PRE-K
LOTTERY TODAY**

Students who attend prekindergarten are better prepared socially and academically to enter kindergarten. They are more likely to achieve success throughout their academic career than those students who do not attend prekindergarten. Give your child that foundation for success by enrolling in a high-quality early childhood learning program in the City School District of Albany.

THREE EASY STEPS:

- 1) Download an application online at www.albanyschools.org or stop by your local elementary school or Central Registration (75 Watervliet Ave.) for a paper copy.
- 2) Fill out the application completely.
- 3) Return the application to Central Registration (75 Watervliet Ave.) by February 20, 2015.
